DO YOUR DUTY.

BY GASKELL.

Do not duty, up and doing.
Is the watchword and the cry;
Forward, forward, never falter,
Do not from your labor fly.
Life's troubles overtake you,
Do not pine in idle grief;
Up and doing and employment,
Soon or late, will bring relief.

Do not halt when others pass you,
On the highway of this life;
Are you worthy? is the question,
That should strengthen you in strife,
Up and doing, let not sorrow,
Take all energy away;
Work but harder in your trouble,
Aid will come another day.

Life's true heroes are its workers,
Not the slothful, or the gay,
Success in idle dreaming,
Nor reward in senseless play.
Help the weak and aid the erring,
Turn not innocent from you;
Be earnest in your duty,
Be ye honest, firm and true.

Last weeks variation of the thermom-
eter in Saint George on the 17th was
down to 20, and on the 23rd it ran up to
How is that for variation?

All last winter Mr. Geo. A. Mills
of Lebanon, Conn, was badly afflict-
ed with rheumatism. At times it
was so severe that he could not
stand up straight, but was drawn
up on one side. "I tried different
medies without receiving relief,"
he says, "until about six months
ago I bought a bottle of Chamber-
lain's Pain Balm. After using it
three days my rheumatism was
gone and has not returned since."

As we go to press we learn that
fine charcoal around the smel-

ter has caught fire and also some
of the coal sheds, but we will ob-
tain the particulars and give in our
next.

Some of our railroad magnates
have been to Cedar and they have
returned, as they went, by team,
and did not even bring the whistle
with them. †

Simon S. Hartman, of Tunnelton,
West Va., has been subject to
attacks of colic about once a year,
and would have to call a doctor
and then suffer for about twelve
hours as much as some do when
they die. He was taken recently
just the same as other times, and
concluded to try Chamberlain's
Colic, Cholera and Diarrhoea
Remedy. He says: "I took one
dose of it and it gave me relief in
five minutes. That is more than
any thing else has ever done for
me." For sale by J. R. Michels.

Travelers desiring Hay, Grain
and Stabling, can find first class
accomodations at William Lang's,
near east part of city.

As we go to press, the weather
is considerably cooler than it has
been for several days, and a storm
will eventually be the result if the
wind don't blow it away.

Mrs. A. E. Price will have her
spring stock of goods in on Satur-

Lake City for Conference. †

The Young Ladies of the M. I.
Association of this city gave full
satisfaction in presenting "Rebec-

ca's Triumph" to the public; many
of the audience declaring that it
was superior to anything in the
theatrical line, that we have had
for months.

We trust it will not be the last,
but that they will continue in the
good work already commenced.

Hon. Clarence E. Allen will
please accept our thanks for a copy
of the "Letter from the Acting
Secretary of the Treasury &c." which
is just to hand.

Hon. Frank J. Cannon has our
thanks for a copy of a "Speech of
Hon. Clarence E. Allen, in the
House of Representatives, Feb. 6,
1896," on the Coin Redemption
Fund, which is an able article.

John A. Kunzler, in from Toquerville,
gave us a pleasant call on 23rd inst. He
reports trees in leaf and also in bloom,
with all growing verdure donning its coat
of green. Trimming of trees and vines
are completed and farmers are busy
plowing preparatory to putting in their
spring crops. About half of the apricot
crop was destroyed by frost. Work on
the Hurricane canal is being pushed
energetically with the hopes of having it
ready by another spring. Heber L.
Naegle, who has been on a mission to
Germany was expected home on the 23rd
inst. He was released to return home
on account of the death of his wife.
Walter Slack left on the 16th inst. to
go on a mission to the Southern States.
Health of the people are on the improve.
Measles is about all gone.

Lorenzo Slack has rented Mr. Greger-
son's place at Bellevue, he taking pos-
session on the 13th inst.

Not to be Trifled With.

(From Cincinnati Gazette.)

Will people never learn that a
"cold" is an accident to be dreaded,
and that when it occurs treatment
should be promptly applied? There is
no knowing where the trouble will end;
and while complete recovery is the rule,
the exceptions are terribly frequent, and
thousands upon thousands of fatal
illnesses occur every year ushered
in by a little injudicious exposure
and seemingly trifling symptoms.
Beyond this, there are to-day count-
less invalids who can trace their
complaints to "colds," which at
the time of occurrence gave no
concern, and were therefore neg-

lected.—When troubled with a cold
use Chamberlain's Cough Remedy.
It is prompt and effectual. 25 and
50 cent bottles for sale by J. R.
Michels.

Trans-Mississippi Exposition.

Delegates representing the
twenty-four states and territories
lying west of the Mississippi River,
at the Trans-Mississippi Congress
held in Omaha in 1895, adopted a
resolution providing for the hold-
ing of an Exposition for the pur-
pose of exhibiting the products,
manufactures, arts, and industries
of these states and territories, and
said convention voted unanimously
to hold the said Exposition at the
City of Omaha, Nebraska, in the
year 1898.

The common interest of all the
states and territories constituting
this great region, as well as the
country at large, will be greatly
promoted thereby, and we trust the
people of the west will strive to
make it a grand success by giving
it their hearty support.

Miss Viola Pratt, a Salt Lake
lady, was selected from among
three hundred competing contra-
ltos to sing Lady Jane, in the Or-
chestra Patience, which was to be pre-
sented in the Metropolitan Opera
House, in New York, on March 17,
which was put on for the benefit of
the New York University. Her
voice is one of power and richness
and she well deserves the laurels
she has won.

We understand there is a prac-
tical Dentist just come to town
and you may look for his adver-
tisement in our next issue.

The other day a foot race was
run between Frank Snow, of this
city and George A. Bonelli, of
Kingman, Arizona, Frank Snow
carrying off the prize.

Query. Was it all straight
goods? We would like to see them
run again and have a nickel to put
up that George can beat.

This is the time of the year that door
yards and surroundings should be thor-
oughly cleaned up. The microbes from
the accumulated filth of winter are now
released by the warmer rays of the sun,
and disease and death may be the result,
unless the filth is carted away.—Enquirer
